1. INTRODUCTION

1.1 AIET at a Glance:

Aryan Institute of Engineering and Technology is one of the leading institutions for technical education in Odisha, committed to nurturing competent engineers, innovators, and responsible citizens. Established in 2009, the institute has steadily emerged as a preferred destination for aspiring engineers seeking quality education, professional excellence, and holistic development.

The institute is approved by the All-India Council for Technical Education (AICTE), New Delhi, recognized by Government of Odisha and is affiliated to Biju Patnaik University of Technology (BPUT), Rourkela, Odisha. Since its inception, AIET has been dedicated to providing a strong academic foundation supported by modern infrastructure, experienced faculty members, industry-oriented learning practices, and a student-centric educational environment.

Over the years, the institute has made significant strides in the field of technical education by integrating innovative teaching methodologies, practical exposure, research activities, and skill development initiatives into its academic framework. Emphasis is placed not only on academic excellence but also on developing leadership qualities, ethical values, entrepreneurial abilities, and lifelong learning skills among students.

AIET takes pride in its commitment to maintaining high academic standards and fostering a culture of continuous improvement. The institution encourages active participation in workshops, seminars, faculty development programmes, industrial visits, internships, professional society activities, and community engagement initiatives, thereby preparing students to meet the evolving demands of the global engineering profession.

In recognition of its efforts and academic environment, the institute was ranked among the prominent engineering institutions in the country through various independent educational surveys. The institution was placed among the leading engineering colleges in Odisha and recognized among the notable private engineering institutions in India, reflecting its growing reputation in the field of technical education.

One of the greatest strengths of Aryan Institute of Engineering and Technology is its strong and expanding alumni network. The alumni of the institute have established themselves in reputed multinational corporations, public sector undertakings, private industries, entrepreneurial ventures, and higher educational institutions across India and abroad. Their achievements and professional accomplishments stand as a testimony to the quality of education and values imparted by the institution.

Situated in a vibrant academic environment, AIET offers an ideal blend of rigorous academics, modern facilities, industry interaction, and extracurricular opportunities. The institute continues to strive towards excellence by empowering students with the knowledge, skills, confidence, and professional ethics required to contribute meaningfully to society and excel in their chosen careers.

1.2 **Vision, Mission, Objectives of AIET**

Vision

To become a leading engineering institution of the state by impacting quality technical education at affordable costs to create skilled and motivated engineers to serve the technological requirements of society in different ways.

Mission

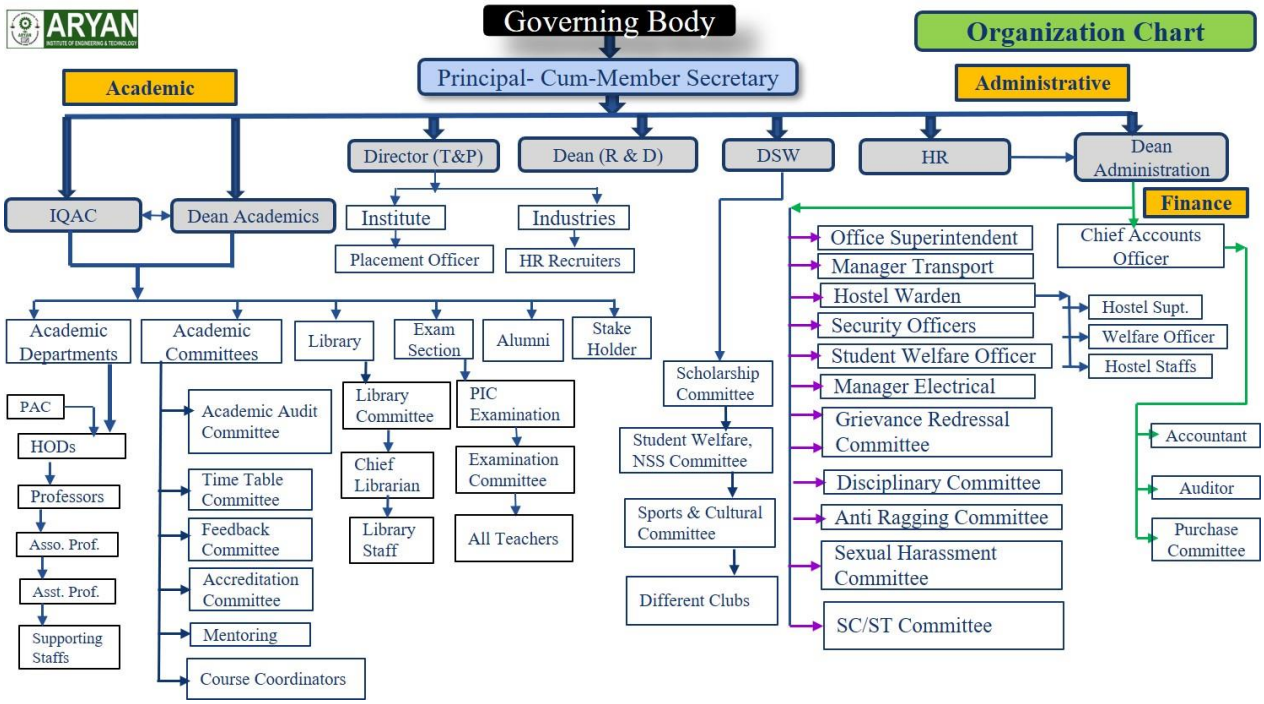

- To impart contemporary technical education and skills to students of different socio-economic background
- To equip students with analytical learning and real life problem solving
- To make learning a continuous endeavour compatible with market needs
- To promote the spirit of leadership, entrepreneurship, innovation and ethics

Objectives

1. To provide quality technical education and holistic development.
2. To promote research, innovation, and lifelong learning.
3. To enhance employability and entrepreneurial skills.
4. To inculcate ethical values and social responsibility.
5. To achieve excellence through continuous quality improvement.

1.3 Structure / Organization chart of AIET

AIET follows it's exhaustive Organization chart, which ensures quick and effective decisions making and timely execution. The organization chart is reflected as follows.

1.4 Infrastructure and facilities

Aryan Institute of Engineering and Technology is spread across a serene and picturesque 14-acre campus, providing an ideal environment for academic excellence and holistic development. The institute offers modern infrastructure and a wide range of facilities designed to meet the academic, residential, recreational, and professional needs of its students and staff.

The campus is equipped with well-designed academic buildings, fully furnished classrooms, state-of-the-art laboratories, a well-stocked library, and advanced computing facilities that support effective teaching–learning processes. The institution also provides comfortable hostel accommodation and staff quarters, fostering a close-knit academic community and facilitating continuous interaction among students and faculty members.

To promote physical fitness and extracurricular engagement, the institute has a spacious playground and sports facilities that encourage students to participate in various indoor and outdoor activities. The beautifully landscaped gardens and green lawns further enhance the aesthetic appeal of the campus and create a pleasant learning atmosphere.

The institute functions as a self-contained campus, providing all essential amenities required for a productive and enriching educational experience. Reliable power backup through standby generators ensures uninterrupted academic and administrative activities during power outages.

The entire campus is enabled with a wireless network, allowing students, faculty, and staff to access internet services conveniently. High-speed internet connectivity through dedicated leased-line connections supports academic activities, research, online learning, and communication. The Internet and computing facilities remain accessible beyond regular class hours, enabling students to make optimum use of digital resources and online information for their academic advancement.

With its comprehensive infrastructure, student-centric facilities, and conducive learning environment, Aryan Institute of Engineering and Technology strives to provide a vibrant campus experience that nurtures academic excellence, personal growth, and professional development.

4.3 Faculty Research Publications and Scholarly Contributions – Annual Report 2025–26

ARYAN INSTITUTE OF ENGINEERING AND TECHNOLOGY, BHUBANESWAR

SUMMARY OF FACULTY RESEARCH PUBLICATIONS & ACADEMIC CONTRIBUTIONS

For Annual Report

The following table consolidates the publication and academic contribution details supplied for preparation of the institutional Annual Report. Entries are arranged by faculty name and include the title, publication/source, year and available bibliographic information.

Sl. No.	Faculty name(s) associated with AIET	Title of paper / chapter / contribution	Journal / publication / event	Volume, issue, year / DOI / other details
1	Umakanta Pradhan; Monalisa Mallick; Dibyajyoti Nayak; Rajalaxmi Pati (AIET co-authors: Dibyajyoti Nayak and Rajalaxmi Pati)	Sustainable Concrete Building Using Clever Materials and Technologies: A Review	NG Civil Engineering (Review Article, Open Access)	Vol. 2, Issue 1, Jan–Mar 2026, pp. 1–9; ISSN (Online): 3107-569X; DOI: 10.66132/ngce20260101
2	Dillip Kumar Biswal (AIET); Bikash Ranjan Moharana; Kamalakanta Muduli	Development of a Framework for Assessing the Degree of Course and Program Outcome Attainment utilizing Outcome-Based Education Framework	Journal of Engineering Education Transformations	Vol. 38, No. 3, January 2025; ISSN 2349-2473; eISSN 2394-1707
3	Vikramaditya Tarai; Bibhuprasad Subudhi; Rudra Prasad Padhy (Assistant Professors, CSE, AIET); Vidya Mohanty (HoD, CSE, AIET)	Leaf Disease Detection Using VGG16-Based CNN Model in a Web Application	International Journal for Research in Applied Science & Engineering Technology (IJRASET)	Vol. 13, Issue X, October 2025; ISSN 2321-9653
4	Prakash Chandra Sahu (AIET); Khusboo Parvin; Srikanta Mohapatra; Subhra Debdas	Virtual Inertia and Type-2 Fuzzy TID Controller-Enabled EV-Integrated AC Microgrid for Frequency Stability Study: A T-HIL Simulation Validation	Arabian Journal for Science and Engineering	Research Article, Electrical Engineering; DOI: 10.1007/s13369-026-11130-3; received 30 Oct 2024; accepted 26 Jan 2026
5	Prakash Chandra Sahu (AIET); Sabita Tripathy; Sunil Kumar Bhatta	Impact of Cyber-Attacks on Frequency Profile of an AC Microgrid: LFC Improvement by T-III Fuzzy Approach	IEEE Xplore paper (publication details not supplied)	IEEE Xplore access information indicates download on 15 April 2026; full venue, year, pages and DOI to be verified
6	Prakash Chandra Sahu (AIET); Sunil Kumar Bhatta	Design and Modelling of a Robust Type-3 Fuzzy Controller for Frequency Stabilization Enhancement of AC Microgrid	IEEE Xplore paper (publication details not supplied)	IEEE Xplore access information indicates download on 15 April 2026; full venue, year, pages and DOI to be verified
7	Prakash Chandra Sahu (AIET); Gayatri Mohapatra	Intelligent Merging Unit Enabled Substation Automation: A Critical Survey and Laboratory Setup	IEEE Xplore paper (publication details not supplied)	IEEE Xplore access information indicates download on 15 April 2026; full venue, year, pages and DOI to be verified
8	Prakash Chandra Sahu (AIET); Sunil Kumar Bhatta	LFC Profile Improvement of an AC Microgrid Employing Walrus Optimized T2-Fuzzy Controller under Cyber Attacks	IEEE Xplore paper (publication details not supplied)	Full conference/journal name, publication year, pages and DOI to be verified
9	Amiya Kumar Sahoo; Prakash Kumar Dehury; Vidya Mohanty (AIET); Mesfin Abebe; Chandan Kumar Barik	Prediction of Solar Still Production Rate using Artificial Neural Network and Step Regression Model	Book chapter in Computing, Communication and Intelligence, CRC Press	1st Edition; first published 2026; 5 pages; DOI: 10.1201/9781003768654 (chapter DOI/details to be confirmed)
10	Prakash Chandra Sahu (AIET); Jyoti Ranjan Padhi	Microgrid Frequency Profile under EV Charging and Discharging Operation: Optimal FO-T2 Fuzzy Controller	IEEE Xplore paper (publication details not supplied)	IEEE Xplore access information indicates download on 15 April 2026; full venue, year, pages and DOI to be verified
11	Rajalaxmi Pati (AIET affiliation/role to be confirmed)	Technological Advancements in Waste Management: Challenges and Opportunities – 2025	2nd National Conference on Technological Advancements in Waste Management (TAWMC-2025), IIT (ISM) Dhanbad	Conference held 5–6 December 2025; supplied text names Prof. Manish Kumar Jain as Co-Convener. Confirm whether Rajalaxmi Pati was an author, presenter or participant before classifying.
12	Prakash Chandra Sahu (AIET); Tarakanta Jena	Secondary LFC Analysis of an Aerodrome Microgrid by AI-Based Fuzzy PSS Approach under Load Uncertainties	IEEE Xplore paper (publication details not supplied)	IEEE Xplore access information indicates download on 15 April 2026; full venue, year, pages and DOI to be verified

6) Conclusion

I would like to express my sincere gratitude to our honorable Chairperson for her continuous guidance, encouragement, and visionary leadership in the growth, development and modernized of Aryan Institute of Engineering and Technology (AIET).

I also extend my heartfelt appreciation to all my Faculty Members, Non-Teaching Staff, and Students for their dedicated efforts, valuable contributions, cooperation, and unwavering support for the development of the institute. Further, the collective commitment, teamwork, and sense of responsibility demonstrated by every member of the AIET family have played a significant role in strengthening the institution and achieving its academic and institutional goals.

I firmly believe that with the continued support of our management, the dedication of our faculty and staff, and the enthusiasm and hard work of our students, AIET will continue to progress and achieve greater heights in the years ahead.

I am confident that our institution will grow in all dimensions, embracing academic excellence, research and innovation, technological advancement, skill development, and holistic student growth. Together, we will strive to create an inspiring learning environment, strengthen industry-academia relationships, promote quality education, and prepare our students to meet the challenges of a rapidly changing global world.

With a shared vision, determination, and collective efforts, I am optimistic that Aryan Institute of Engineering and Technology will continue to establish itself as a Centre of excellence and emerge as a reputed institution at the national and global levels in the years to come.

Let us continue to work together by AIET family members with dedication, commitment with great spirit of excellence to do the institute to a greater height.
