

ARYAN INSTITUTE OF ENGINEERING AND TECHNOLOGY

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Ref. No. AET/CSE/038/2026

Date: 18/04/2026

NOTICE

It is hereby informed to all 4th Semester B.Tech CSE students that they are required to undergo an internship during the following period:

Internship Duration:

June 3rd 2026 to July 10th, 2026

All students must complete their internship within the above-mentioned timeline. Before going for internship, if internship is done from any organization outside the college, you need to take the approval from the CSE Department as well as from Training and Placement Department as college will assign a mentor for the same who will be evaluating the internship report after completion.

Internship Topics:

Students are required to carry out their internship in relevant domains of Computer Science and Engineering. The suggested areas include, but are not limited to:

- 1) Python + AI
- 2) Cloud Computing + AI

Students may also choose any other relevant topic with prior approval from the department.

Further, the internship evaluation will be conducted in the college, along with the submission of the internship report, as per the schedule below:

Evaluation & Report Submission:

July 15th, 2026 to July 20th, 2026

Students are advised to adhere strictly to the schedule and ensure timely completion and submission of all required documents.
